

Bug craft for anyone who would like to try it – Cruz and Callum, this could be fun to do.

BEE THUMBPRINT BUGS CRAFT

1. Make a vertical (up and down) yellow thumbprint.
2. Using your pointer finger make 4 fingerprint wings, two on each side.
3. Draw with a black Sharpie, a circle head on top of the yellow thumbprint.
4. Add two antennas to the top of the head. Add two eyes and a smile.
5. At the bottom of the thumbprint, make a small 'V' shaped stinger. Draw some black stripes on the thumbprint.

BUTTERFLY THUMBPRINT BUGS CRAFT

1. Make two horizontal (sideways) thumbprints in the colour of your choice. Above (or below) that make two more thumbprints.
2. Draw a long oval shape connecting all of the thumbprints together. This will be the butterfly's body.
3. At the end of the oval, draw a circle. This will be the butterfly's head. Make a set of two antennas on top of the head. Draw a smile face on your butterfly.

CATERPILLAR THUMBPRINT BUGS CRAFT

1. Make a vertical (up and down) thumbprint. This will be the caterpillar's head.
2. Follow behind with several vertical thumbprints to make the caterpillar's body.
3. Add two antenna to the first thumbprint. Draw two eyes and a smile on the first thumbprint. Make two feet on each of the body thumbprints.

LADYBUG THUMBPRINT BUGS CRAFT

1. Begin with a red thumbprint.
2. Draw a black line across the thumbprint. Draw a vertical line off the first black line to form a 'T' shape.
3. Add two little eyes. Make a pair of antennas. On the 'T' shape area, draw and colour in black dots.

SPIDER THUMBPRINT BUGS CRAFT

1. Make a horizontal (sideways) thumbprint in a gray or silver colour. You can use black, but it is hard to draw on!
2. Draw 2 eyes and a smile.
3. Draw 8 spider legs, four on each side.
4. If you would like, draw a long line to make your spider 'hang' from it's web.

SNAIL THUMBPRINT BUGS CRAFT

1. Make a thumbprint – horizontal or vertical it doesn't matter which.
2. Draw around the thumbprint, back down to form the tail and bring it up to make the long neck and head.
3. Add a pair of antenna. Draw eyes and a mouth.

Try singing The Ants Go Marching One by One, see if you can think of the signs for it – I couldn't find one with the signs on but you can guess some of the signs I think.

Ants

go
