

## Ideas for Number mark making 1-5

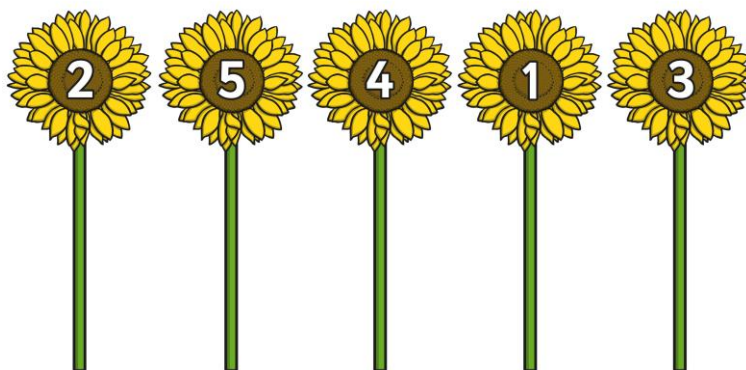

Write the numbers 1-5 on a paving slab or wall or chalk board. Encourage your child to use a paint brush with water to overwrite the numbers. Make them nice and big so your child has to use big movements.

Print the sunflower number activity and finger paint the correct number of leaves on each sunflower from twinkl. If you haven't got a printer you could get an adult to draw the flowers and numbers for you.

### Sunflower Fingerprint Counting Activity Sheet

Put the correct number of leaves on each sunflower.

Have a tray of rice, salt or flour and write numbers in the tray.
