Daily Activity

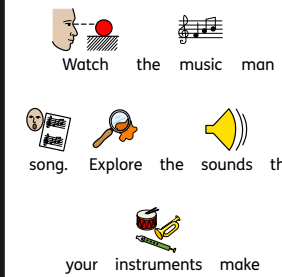

Watch the floating and sinking film.
Try with different objects in water to see what floats and what sinks.

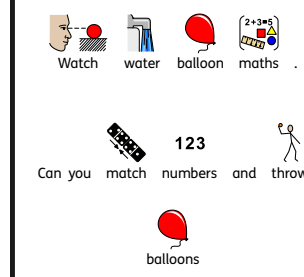

Watch the Jasper's Beanstalk story and song.
Use the sheets to sequence the days of the week and the story parts.

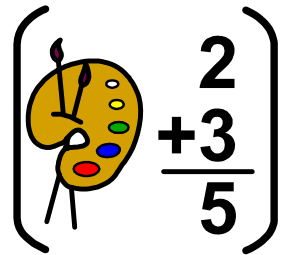

Watch the making Ice film.
Explore ice cubes with different objects hidden inside.

Watch the music man song. Explore the sounds that your instruments make

Watch water balloon maths.
Can you match numbers and throw balloons

Topic

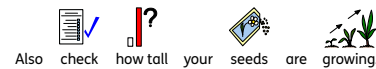

? + ?
How and why does it grow.

Explore digging soil in a tray or trough. Use buckets and spades to fill and empty pots.

You could use the chocolate soil recipe to make edible soil and hide numbers, letters or small toys in it.

Also check how tall your seeds are growing.

If you want to do some more activities then there are lots more links to activities on our website.
