

Guide to make your skeleton.

1. Cut out the pieces of the skeleton.

2. Join the pieces together –

CHALLENGE - try and think of a way that you can join them so that they can move around.

3. Make a hole in the top of the skeleton's head and tie a piece of string through it.

4. Connect the other end of the string to your piece of wood.

5. Make your skeleton dance.

6. **EXTRA CHALLENGE.**

Make one or two more and see how they can dance together.

7. **BRAIN CHALLENGE.**

Can you make it scarier using your torch?
