Daily Activity

Maths
Maths in nature

English
Nature Walk.
My O booklet.

Science
What does a plant need to stay alive? Water the garden or a house plant. Try growing some cress seeds in the dark.

Living Skills
Attempt to change the duvet and a pillowcase.

Topic

Topic.

When out on your nature walk. Have a look for a range of different habitats that animals live in.

Take some photographs on a phone and see what differences you can find.

If you want to do some more activities then there are lots more links to activities on our website.
