

Week 5: Maths

In Maths this week we are going to be continuing to explore and learn all about

2D shapes

1 Sensory activity: Make some playdough using the recipe attached and explore making

shapes using playdough cutters or by making your own shape cutters - Can you name

any of the shapes you cut out?

2 Look through magazines and newspapers for different shapes. Cut them out and

use them to create your own Shape Monster.

3 Can you name and label any of the shapes you have found and used

to create your shape monster? Can you describe any of them using shape language?

See video and playdough recipe.
