

Jasper's Beanstalk

Home Learning Challenge

Create your own beanstalk. How tall can you make it? How many leaves can you add? You could make your beanstalk out of old boxes, bottles and cardboard tubes.

Take a walk around your local area, park or gardens – what can you find growing? You could take a pen and paper to draw what you find.

Draw a picture to show what you think would be at the top of Jasper's beanstalk.

Jasper planted 6 beans but he got fed up and dug 2 beans up, how many beans are left to grow? You could draw a picture or use your fingers to help you work out the answer!
