Daily Activity

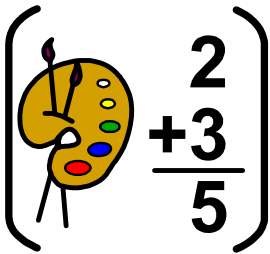

Literacy: Make a thank you letter or picture for Suttons Seeds. A video and templates are available or draw your own.

PSHE: A germ experiment video to watch, promote good hygiene, discussion and maybe try the experiment yourself, with help. Then wash your hands.

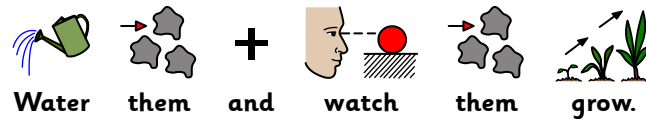

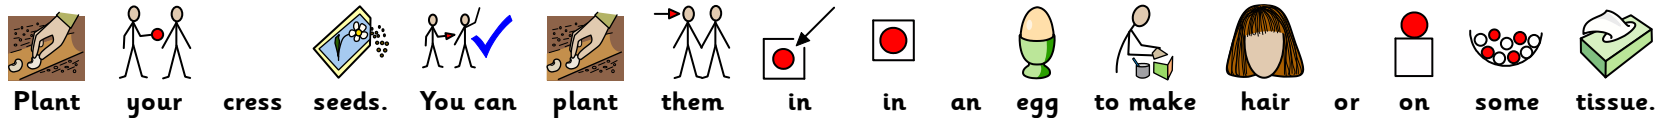

Maths: Baking Numicon Biscuits. Counting out chocolate buttons or drops. Match the numicon representation with the numeral. Finding number bonds to 10 and 20. See video clip, recipe and activity plan.

Science - I hope you have received your seeds in the post. Plant the sunflower seeds. There is a chart you can use when it starts to grow to measure them with the tape measure.

Topic: experiment with ice play using flowers or plants from outside. Watch the Ice play video

Topic

If you want to do some more activities then there are lots more links to activities on our website.
