

# Rainbow String Painting Tutorial

## Materials

- String
- Paper. We recommend card stock.
- [Paint](#). For every colour of the rainbow

## Tools

- A large surface to add your paint
- A heavy book (optional)

## Instructions

1. Start by adding a bead of each colour, onto your large surface, so they are touching and forming a line. Lay your string across the paint and slightly twist so the paint covers all sides of the string.
2. Lay the string across a piece of paper so the ends hang off the edges.

3. Place a second piece of paper (the same size if possible) on top.

4. Press down onto the paper as you pull the string back out.
5. Note: you can use a heavy book to help hold the paper down.

6. Remove the top paper to reveal the design.
7. Repeat until you are happy with the project.

## Notes

Play around with where you place the string on the paper and how you pull the string off the paper. It's amazing all the different effects that can be created!
