

# Maths Mastery Home Learning Challenge

## Adult Guidance

### What Are We Learning?

We are learning to find one less from a group of objects.

### How to Set up the Challenge

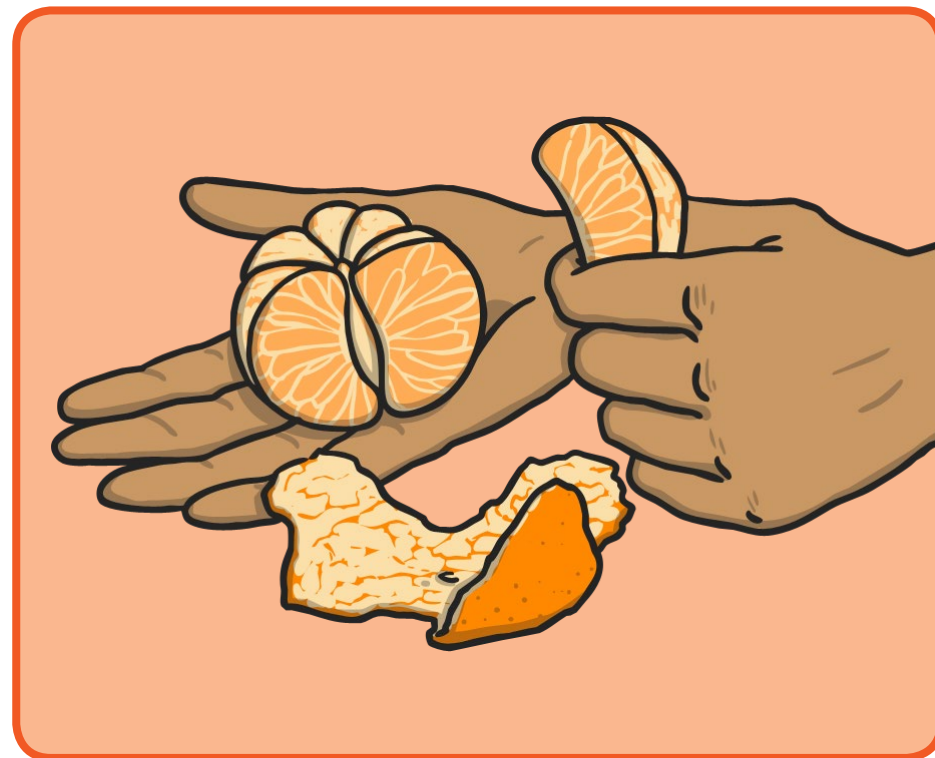

- Choose an orange that your child can peel.

### How to Get Your Child Thinking

- If we eat one orange segment, will we have more or fewer segments left?
- How do you know?
- What is one less than ...?

# Counting Segments

- Peel an orange and count the segments.
- Say the number that will be one less. Then, eat one segment and check.
- Keep counting and eating one segment, until you have zero.
