

Can I measure the length and width of my own, my families and

different animal footprints?

  <p>Whose footprint?</p>	 <p>Length</p>	 <p>Width</p>
  <p>My footprint</p>		
  <p>Mum's footprint</p>		
  <p>Cat's footprint</p>		
  <p>Dog's footprint</p>		
<p>Now choose some of your own footprints to measure. What footprints can you find to measure?</p>
