Clean and Tidy Beds

Domestic Skills: *Do you know how to make a bed?*

Most people wash their bedding about once a week. Strip your dirty bedding off your bed.

When the sheets are all off the bed put them in the laundry basket to be washed.

Wash the dirty bedding in the washing machine on a hot wash.

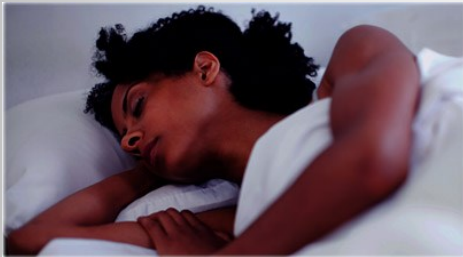

There are lots of different brands of soap powder and fabric conditioner in the shops!

The sheets need to be dried, ironed and folded to be put away.

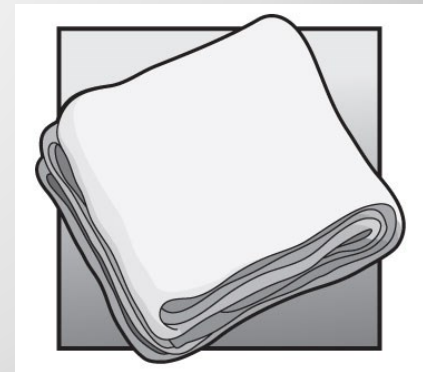

Put the clean bedding back on the bed. Sheets, pillowcase, duvet cover, blankets.

There is nothing quite like going to sleep in a nice clean and tidy bed! Good night. Sweet Dreams!

❖ Now it is **your** turn to show us how you can make a bed all on your own, or with a little help from your family.
